

# Doors.

We open them, we close them, we slam them, we knock on them, and we lock them. They are so much a part of our lives, but we don't often stop to think about how significant they are. They allow us access new places, they place a boundary between us and others, and they keep us safe.

What if there were spiritual doors that if opened would help you...

- learn to communicate with God?
- prepare for God's plan for the future?
- find satisfaction?
- make a difference in this world?
- get along better with others?

Join us each Sunday, April 30-June 25 at our 9am or 11am services as we explore the significance of these "Doors of Faith."

New to Crossroads? [Click here](#) for more info on our Sunday Worship experience and children's ministry information.
